

Platforms for uploading blood sugars

Glooko

<https://join.glooko.com>

- Please check if your meter and/or insulin pump is compatible with Glooko at <https://www.glooko.com/compatibility>
- If your device is compatible, please go to Glooko's website and either create an account or click "Log In" if you already have a Glooko account. After logging into your account, click "settings>account". Click "add new code" and then "continue". Our ProConnect code is **wupeds**, then click "submit".
- Please call/email our office or send us a message through MyChart after uploading.

Tandem T:SLIM X2 Pump with CONTROL-IQ Technology

<https://tconnect.tandemdiabetes.com>

- Log into t:connect.
- Upload your t:slim X2 pump.
- Please call/email our office or send a message through MyChart after uploading.
- Please provide us with your t:connect log in information (email & password) so that we can review your upload.

Medtronic CareLink (Medtronic 630G/670G insulin pump only)

<http://medtronicdiabetes.com/carelink>

- Please either click "Sign Up Now" or log in if you already have an account.
- Please call/email our office or send us a message through MyChart after uploading.

Clarity (Dexcom G5/G6 CGM only)

<https://clarity.dexcom.com>

- If you use your iPhone/Android as your Dexcom receiver, please call our office and provide us with either a share code from your Dexcom Clarity app (not the G5/G6 app) or an email address we can send an invitation for sharing.
- If you use a Dexcom G5/G6 receiver, please upload your receiver to the Clarity website.
- Please call/email our office or send us a message through MyChart after uploading.

LibreView (FreeStyle Libre CGM only)

<https://www.libreview.com>

- Please log in or create an account and upload your device.
- Please call/email our office or send us a message through MyChart after uploading and provide us your email address so that we can email you an invitation for sharing data.

Unable To Upload Your Device

- Please MyChart, email, or fax us two weeks of blood sugars to our office.
 - Can even send us pictures of your blood sugar log.
- Please include patient's name and date of birth.

Please call/email us with any questions!
