

iOS EMM AirWatch Enrollment Process

NOTE- you must be logged out of the WUSM-Secure network when configuring AirWatch.

Log out of the WUSM-Secure network and log into the Guest network to configure AirWatch.

Step 1 – Download the free AirWatch Agent in app store.

Search for “AirWatch MDM Agent” if you can’t find it.

Launch the app once installed.

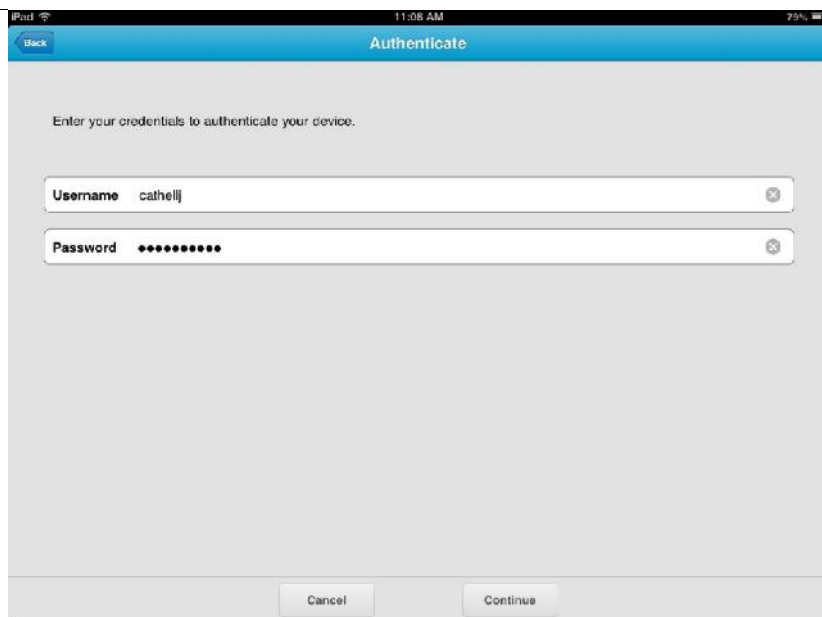

Step 2 – Select “Continue without e-mail address.”

Enter `https://mdm.wusm.wustl.edu` as the server and your domain (i.e. PCF) as the Group ID

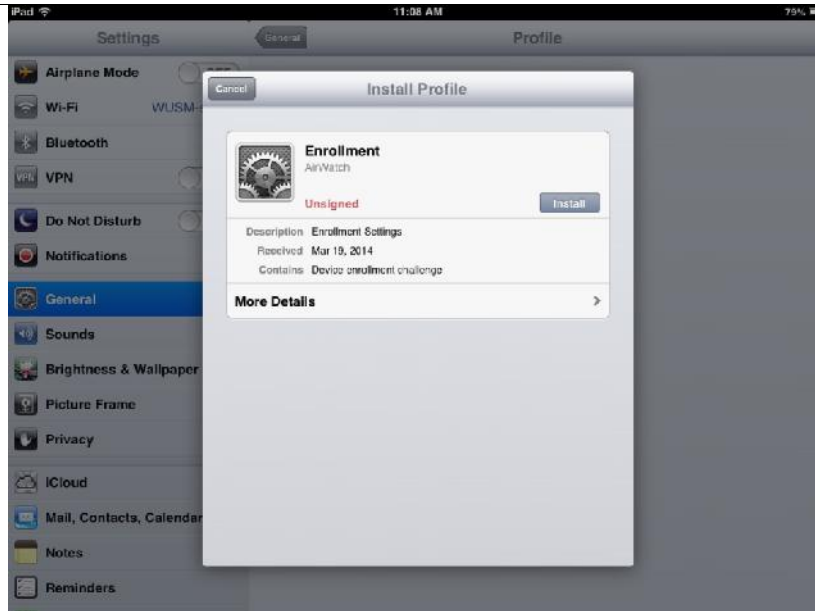

Step 3 – Enter your username and password. This is the same as your domain (i.e. PCF\USERACCOUNT) login information.

Step 4 – Accept terms of use agreement that follows.

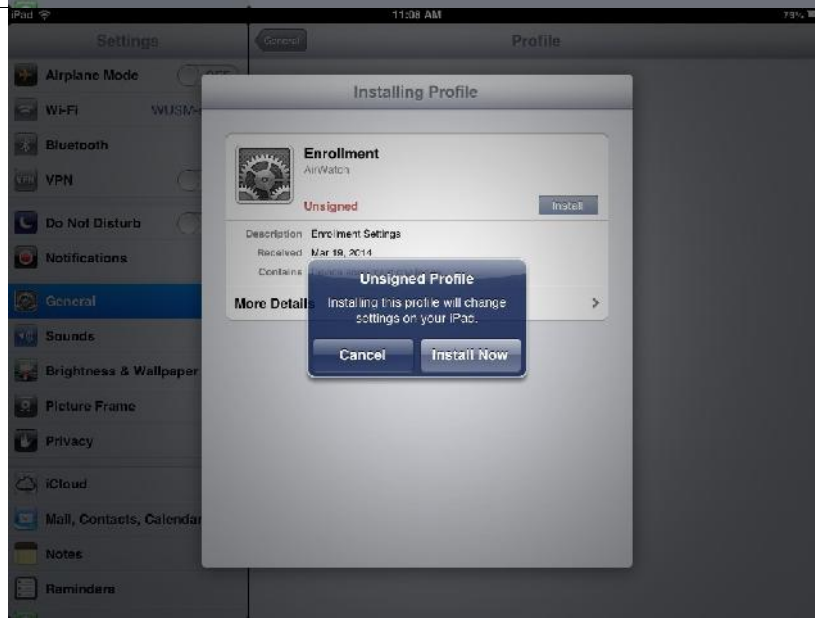

Step 5 – Installing Profile

Click Install

Unsigned Profile

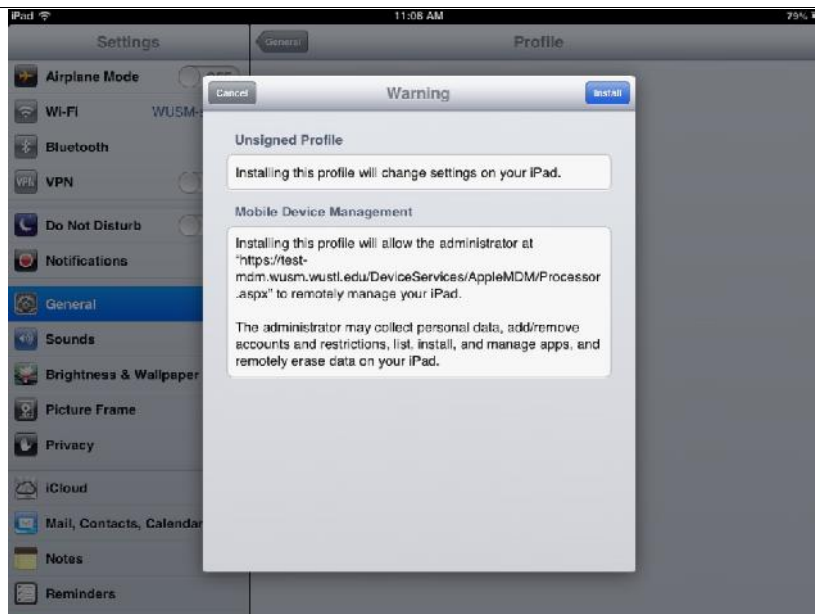

Click Install Now

Unsigned

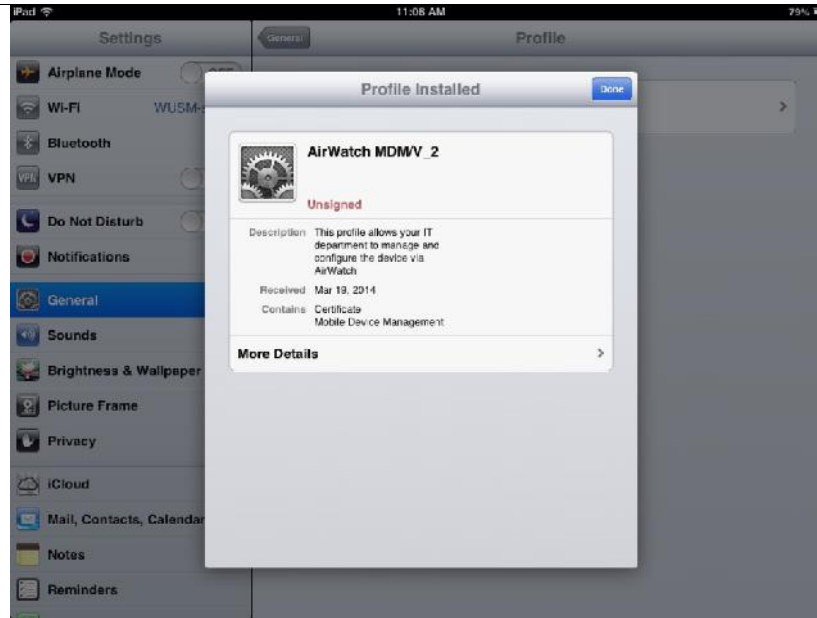

Step 6 – warning message received

Click Install

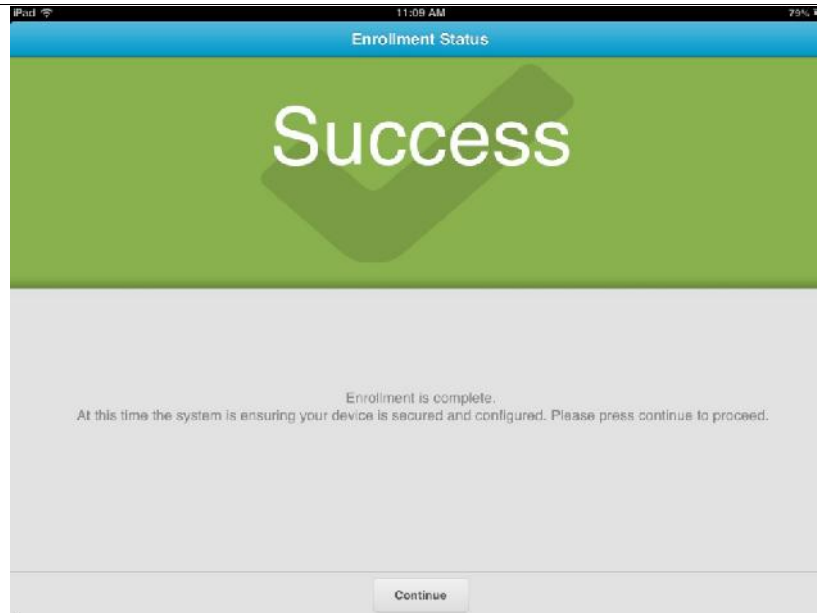

Profile installed message

Click Done

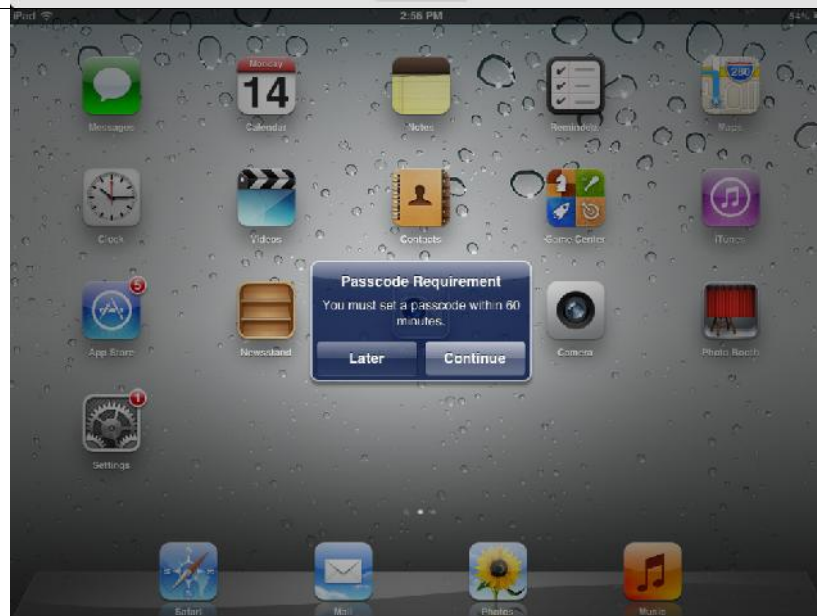

When the enrollment process has completed:

You will see the Success Banner

On the home screen, you will be prompted to setup a passcode.

The passcode must be at least a 4 digit PIN. You may choose a longer passcode with letters if you choose.

Passcode will be used to unlock the screen.
